

Robert Wade Barfield Candidate Statement

My name is Robert Wade Barfield. I have been a member of the association for 22 years and have served on the board of directors for almost three years. I am a proponent of a common-sense approach to the administration of the association. I believe in transparency on the part of the board of directors and feel the membership should be engaged in any significant changes to the association and our governing documents. I believe the association benefits from the knowledge and skills our members contribute through committee involvement. I believe we should have standardized procedures so all members are treated equally and know what to expect. I would like to see a return to neighbors helping neighbors and working together on community projects instead of turning to expensive contractors to do for us things we can do ourselves. I don't think in terms of "sides" or "factions" and believe all directors should always act in the best interest of the association as a whole. I believe in open dialogue. Don't let others tell you what I may or might do -- call or email if you have questions or concerns you would like to discuss with me.
