

Randy Kling Candidate Statement

I seek election to the board because I care about our community, and I believe I can contribute to High Lonesome Ranch Estates as a director. I've been an HLR member for 20 years and a resident for 10 years.

I was entrusted at Top-Secret or higher security levels for 38 years of my working career, leading as many as 350 people, coordinating the work of as many as 1200 people, and managing multi-billion-dollar budgets. I became particularly good at decision support, data management, process engineering, and planning—skills that are very useful in serving as or assisting the secretary or treasurer.

I want to help our association meet its needs efficiently and effectively through better:

- Transparency - so members can act on logical facts rather than emotional hearsay.
- Forecasting - so we can anticipate situations instead of being surprised by them.
- Planning - to help us prevent or prepare for problems rather than react to them with limited options that cause unnecessary expenses and delays.

Membership should make the most important decisions for the association. When the board makes decisions, it must consider members' opinions.
